Presented by
Ann K. Dolin, M.Ed.

Ann is the Founder of Educational Connections where she and her team (of 150+ tutors) have helped thousands of children and families reduce stress, improve their relationships, and reach their full academic potential.

She's also the author of the award-winning *Homework Made Simple: Tips, Tools and Solutions for Stress-Free Homework* and a monthly contributor to WTOP radio.

IN THIS WEBINAR YOU'LL LEARN:

- What students should be doing at each grade level to get **ahead of the curve**, **reduce stress**, and ensure **as many options as possible**
- The importance of taking **advanced classes** in high school (but not too many)
- The **difference** between the **ACT & SAT** and which test might be best for your child
- The best time to take these tests to **maximize scores**
- **Other activities** that help your child to **stand out** during the admissions process
- What test optional **really** means and how to make the most of it
